

TurboNote Crack With License Code [Win/Mac] [Latest]

## TurboNote Free Download

TurboNote is a small software application that helps you stick notes on your desktop and send them to other users via a local network. A new note can be added to the screen with a single double-click on the program's icon from the system tray. The items can be sent to other users, provided that you have specified the name of the computer or IP address. You can make TurboNote place the notes on top of other utilities and show the creation date for each item. Customizing the text messages can be done in terms of font, color, size and number, and you may also add a note title. The adjustments applied to one note can be transferred to all the others as well. What's more, basic editing capabilities are also comprised, as you can cut, copy or paste the text messages. The app enables users to display all the notes, or only the ones with alarm notifications, hidden or desktop

notes. TurboNote gives you the possibility to set up alarm notifications by specifying the date and time, and hide from the desktop all the notes or only the ones with alarms. It is important to mention that hotkeys are also available for a better control over the entire process, but they cannot be reassigned. The notes can be printed or deleted pretty easily. All in all, TurboNote comes in handy whenever you need to write something down quickly. The utility doesn't slow down system performance and can be mastered even by less experienced users. More Features: Great UI, simple and easy to use. Thorough customization options. Simplicity and easy to use. Highly configurable. Supports hotkeys. Supports sharing, printing and marking notes as urgent. All in all, the simple UI is easy to understand and make use of. Also, it is easy to customize the color, text and the notes title. In addition, you can adjust the location of notes, sort the

notes by creation date, and mark them as urgent. All in all, this utility packs a lot of cool features. You will find it very helpful and easy to use. Overall, TurboNote is a great tool that will be of great use to everyone looking to keep their notes in one place. It offers a lot of customization options and is really user friendly. You can download TurboNote from the link below. Please remember that it is a freeware and requires
